December 2018

The Round Lake Heights Police Department picks up and receives several lost dogs a year. Getting these lost dogs back to their owners isn't that simple if the dog has no collar, tags, or chip. Unfortunately the Police Department is only able to house the animal for a short period of time as we are not equipped to house animals overnight.

The Police Department must notify Lake County Animal Control during their business hours to arrange a pick up for the dog. As some of you may or may not know, the Lake County Animal Control charges the Village and the Dog owner for this.

Please be a responsible pet owner and make sure your animal has proper Identification, collar, tags, or chip.

With that being said, The Round Lake Heights Police Department is also putting together a new program for Dog owners in the Village of Round Lake Heights. This new program is called **PETS of RLH**. We are creating a binder that consists of a Photo of your dog and the owners information. This will work as a tool for our Department if we pick up / receive a dog, we may be able to look in the binder, locate his owner and get him home safely. We will also be adding this to our website, so if you are someone who FOUND a lost dog, you can check the website. The owners information will not be listed on the website, you would still need to contact the Round Lake Heights Police Department.

If you are a dog owner and would like to add your pet (sorry, dogs only) please fill out the attached sheet and attach a photograph of your dog (dog only, no people) and return it to the Round Lake Heights Police Department, attention **PETS of RLH**. Your personal information will not be posted or shared.

Thank you.
